

SPECIALTY WINDOWS

Bow Windows

Beauty and Elegance to Compliment Your Home

Frame & Sash

- Lites available with fixed or operable casement windows, with a choice of hinging, or double hung windows.
- Unit comes fully assembled for ease in installation
- Secondary weeping system provides the optimum moisture resistance.
- Vinyl interior mullion posts
- Window head & seat are constructed of 1" furniture-grade birch.
- Fusion welded frame provides maximum view while minimalizing obstruction.
- Optional oak head & seat boards and oak mullions.
- Optional polystyrene insulated seat board.
- 4 1/16" jamb width standard.

Weatherstripping

- Dual fin weatherstripping throughout full length interlock providing an optimal level of energy efficiency plus added protection from noise, water and air penetration.

Glass

- All windows use Intercept® Spacer insulated warm-edge glass standard.
- Low-E/Argon Gas filled glass units providing superior year-round comfort and savings.
- Optional tempered glass for added stability.

Hardware

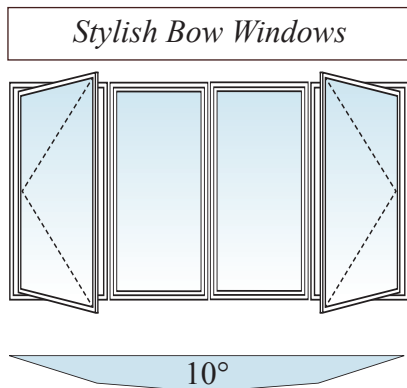

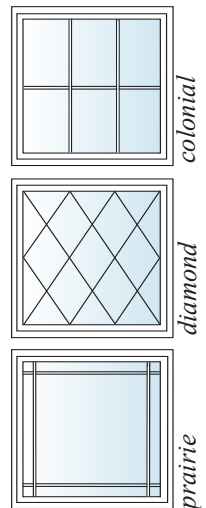

- The operable casement units have a multi-point locking system.
- Chain support for increased structural integrity.
- Optional cable support system adds strength to installation.

Screens

- Operating vents include easy removable extruded aluminum screens with color matching frames.

Grids

- Between-the-glass contour grid available in tan or white and in three styles: Colonial, Diamond and Prairie.

Stylish Bow Windows
