

SPECIALTY WINDOWS

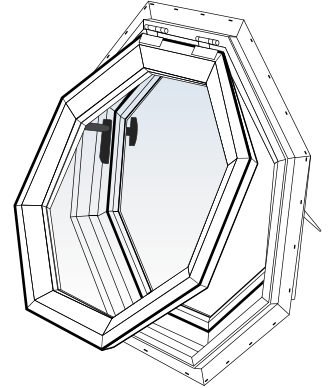

Operable Octagon

Combining Functionality with Style

Frame & Sash

- Virtually maintenance free easy clean vinyl construction.
- Fusion-welded frame and sash create a strong weathertight seal.
- Beveled sash exterior provides aesthetically pleasing appearance.
- Internally glazed units for added security and easy glass replacement.
- Full perimeter nailing fin with opt. J-channel siding return.
- Multi-chambered frame extrusions enhances the strength of the window and increases weatherability.
- Full perimeter bulb seal on both sash and frame.
- *Size: Operable octagon available only in 24" x 24".*

Hardware

- All hardware features special coating that resists excessive wear due to excessive climate conditions.
- Multi-point locking system reaches out to lift and pull the sash tight against the bulb seal for a weather-tight seal.

Glass

- 3/4" double pane, insulated glass units featuring Edgetech's patented Super Spacer® providing warm edge technology and exceptional structural properties and superior thermal performance.
- Tinted, obscure or tempered glass options.
- Low-E/Argon Gas filled glass units providing superior year-round comfort and savings.

Options

- Internal colonial grids, sealed between the panes of glass, for easy cleaning. Colors to match the units vinyl.
- Drywall kit.

Screen

- Color coordinated removable aluminum extruded screens with corner keys and screen latches. Assuring a tight fit to allow ventilation while keeping debris out. Easy inside home removal.
